Sarcan Recycling for Miller

With the holidays upon us and as you open your doors to friends and families, there is always going to be recycling! If you would like to donate that recycling to Miller School, the SCC has a great idea for you! On behalf of the Miller SCC I'd like to inform you of a very easy way for you to support our school. *When you are taking your recyclables back to Sarcan just say the group phrase **MILLER SCHOOL**, and Sarcan will donate the money you would be getting directly to our Miller School account.

*Should you want to donate a portion of the funds, just ask in advance.

*If you are doing "drop and go" recycling there should be a place for you to enter the group phrase **MILLER SCHOOL** during the registration process. When typing the group phrase in to the "drop and go" system ensure you have the space between Miller and School, the group phrase is **not** case sensitive.

This recycling fund-raising program **will continue** after the holidays. Thanks in advance from the students and staff of Miller School.

GSSD is looking for casual Ed. Assistants and Bus Drivers! If interested go to the GSSD website or contact the school.
